

Direct Reasoning

Rules

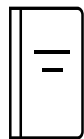

US Tax Law

§1. Tax imposed

(d) Married individuals filing separate returns.

... ..

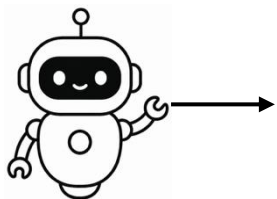

(i) 15% of taxable income if the taxable income is not over \$18,450;

Facts

In 2017, Alice was paid \$36266. Alice and Bob have been married since 2017...

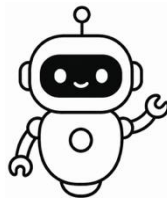

Question: How much tax does Alice have to pay in 2017?

"Alice is married filing separately in 2017, so §1(d) applies. Taxable income under section 63(b). Adjusted gross income from wages: 36,266."

Final answer: 5,459.98.
